**SETTING THE BAR HIGH,  
WITH NEW INNOVATIONS**

WE BELIEVE THERE  
IS NO REASON FOR  
INNOVATION UNLESS IT  
ENHANCES YOUR LIFE.

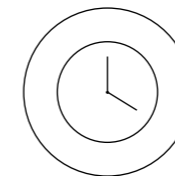

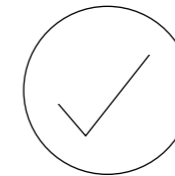

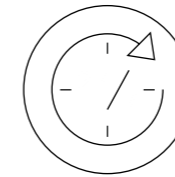

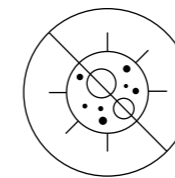

PRESENTING INNOVATION 2020 -  
NOT JUST A SINK, IT'S A WORKSTATION.

Innovation has been the core driving force at Carysil. Presenting complete design and function Kitchen Solutions - 'THE WORKSTATION.'

The kitchen today has grown into a space that is enjoyed by the family. In our current scenario hygiene and sanitization is of prime importance. It is our endeavor to present the perfect functional Kitchen Centres that can be customised to fit any and every home. Through our 30 years of expertise we have created exemplary granite sinks with faucets to match, accessories that focus on through cleaning such as vegetable colanders, chopping boards that slide over the sinks, integrated granite drainers and over flow facilities that allow you to finish other work parallelly and be carefree.

Product innovation is a constant at Carysil and we hope you have the perfect 'Workstation' with us.

## ANTI BACTERIAL

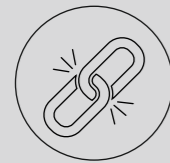

• The proprietary & patented technology uses the active ingredient ionic silver, a naturally occurring element with a well-known antimicrobial spectrum, that prevents the growth of bacteria, mould, fungus and other microorganisms as well is safe for human contact. Our sinks have silver ion embedded in them that allows protection from bacterial enzymatic activities for a longer duration.

- Active 24/7
- Effective Against Harmful Bacteria
- Enhances Cleanliness
- Durable Long Lasting
- Minimizes Risk of Cross Contamination
- Safe to Use

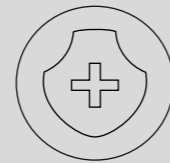

# KEY FEATURES

**SMART KITCHEN CENTRE**  
GRANITE SINKS

## BELLA CIAO SERIES

### INNOVATIVE FEATURES

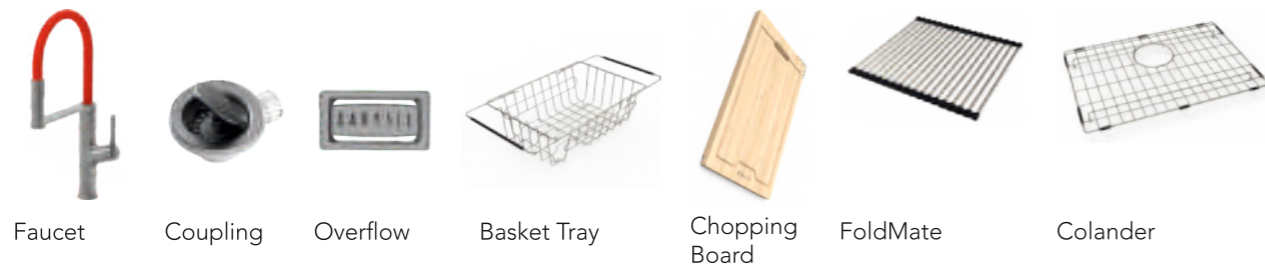

- A range of granite kitchen sinks that ensure a fragrant kitchen with maximum convenience.
- The star sink has a covered granite drainer that does not allow the odour to escape while cleaning. Easy to access and clean with the tap of a finger.
- The innovative over flow feature makes this sink special. Many activities can be carried out at the same time without checking in on the sink as the overflow feature will ensure the water is contained. Further this feature can be used for hot and cold beverage waste.
- Accessories that complement the sink are a chopping board, a fold mat or a mesh which are used to hold hot utensils or food so they don't corrode the granite. A basket to hold the right quantity to dry. An innovative drying channel that is fit onto the side of the sink that allows for utensils, crockery to dry while absorbing the excess dripping water in a tray below. This ensures a clean and dry work station
- Bella Ciao is truly a work station innovation.
